Professional Nursing Portfolio

I entered nursing to be a steady, safe presence for patients on their hardest days. As a new graduate I lead with the five rights, honest communication, and a willingness to ask, learn, and double-check — because safe care is built on humility as much as skill.

Licensure & Credentials

- Registered Nurse (RN) — Ohio Board of Nursing, License #RN-456789 (eNLC multistate compact), issued 2026.
- NCLEX-RN — passed on first attempt, May 2026.
- BLS and ACLS — American Heart Association, current through 2028.
- Bachelor of Science in Nursing (BSN), The Ohio State University College of Nursing, 2026, GPA 3.8/4.0.

Clinical Rotations & Hours

- 800+ supervised clinical hours across med-surg, critical care, pediatrics, OB, psychiatric, and community health.
- 180-hour senior capstone preceptorship on a 32-bed cardiac telemetry unit, advancing to an independent 4-patient assignment.
- 120 ICU rotation hours assisting with ventilator management and vasoactive titration under RN supervision.
- 20+ supervised sterile procedures (Foley insertion, wound care, IV starts) at a 100% aseptic-technique pass rate.

Competencies & Professional Development

- Head-to-toe assessment, telemetry and ECG interpretation, and SBAR communication.
- Barcode medication administration with a documented 100% five-rights verification rate.
- Senior capstone project: an evidence-based fall-prevention bundle adopted unit-wide during preceptorship.
- Member, National Student Nurses' Association and Sigma Theta Tau International Honor Society of Nursing.
