

License & Terms

What you can and can't do with this kit

Personal use

Your purchase grants you a personal, non-exclusive license to use these templates and guides to build and apply with your own resume, cover letter, references, and portfolio. Edit them freely for your own job search.

What's not allowed

- Do not resell, share, redistribute, or give away the template files or guides.
- Do not upload them to file-sharing or template sites, or bundle them into another product.
- Do not claim authorship of the templates or resell them as your own.

Resume writers & career coaches

If you are a resume writer, career coach, or agency and want to use these templates to produce documents for CLIENTS, you need an extended/commercial license. The personal license above does not cover client work. Contact us through Etsy to arrange it.

Fonts

This kit does not include or sell any font files. The templates reference standard system fonts already installed on Windows and Mac (see Font & Editing Notes).

No guarantees

These are writing tools, provided as-is. They are not legal, medical, or employment advice, and we cannot guarantee interviews, offers, or hiring outcomes — those depend on your own qualifications and job search.
